YOUR VOICE MATTERS!

The Rhode Island Department of Education is currently administering its annual SurveyWorks Family Survey, which is an opportunity for family members to provide feedback about our school community and our children's opportunities to learn. The survey results are most useful when all families participate, so I am writing to ask you to participate in this survey.

Your views on matters like the safety of your child at school, the way students are taught, the condition of the school, and how connected you feel to this school are important. By taking this short survey, you can help our school leadership and school community to make improvements. Responses are anonymous and cannot be linked to any individual; no one can tie your responses back to you.

You can take the short survey online between **January 19 and March 31**. To take the survey, visit [SurveyWorks Family Survey](#). Choose Dunn's Corners from the dropdown menu.
