Call to Order         T. Pimer called the meeting to order at 7:03 PM.  C. Guilemette seconded.

In attendance        T. Pimer, D. Infante, C. Guilemette, M. Beck, P. Fusco, M. Azzinaro, M. Bucchino, S. Ruscito

C. Guilemette made a motion to approve January's minutes. D. Infante seconded. Motion passed.

Old Business
   a. Project Unified The letter of support from the WLAC was discussed and looked at. T. Pimer made a motion to accept the letter. D. Infante seconded. Motion passed.
   b. Siblinks No Update

New Business

   a. Principal Round Table

      1. Members brought up concerns regarding the lack of community at the Middle School. It was discussed that the PODS take away from the community of the entire school and make them into small communities. Each POD has 70 - 90 students. This is a common structure for the Middle School setting. Parents said that social aspects aren't being met. Would like to see Project Unified in the Middle School setting. M. Beck stated that her senior project was to bring unified to the Middle School and P. Fusco is going to set up a meeting with M. Beck to discuss this.

      2. Members brought up the concern of no OT room at the Middle School. P. Fusco explained that the Middle School was busting at the seams, and there simply was not any room for one. She explained that OT needs are being met, when there are spare offices not being used that the OT's use them. It is all scheduled out. But needs are being met.

      3. Members brought up concerns about the lack of appropriate activities for the disabled and the lack of support for them. After much discussion, P. Fusco brought up the idea of an after school life skills class such as cooking. She is going to speak to A. Story within a week to discuss the funding for such a program. She would like to meet with K. Falcone (WLAC President) to discuss this further.

      4. Accessibility Issues. Members brought up the issue of the handicapped seating for general assemblies and concerts at the schools. The Handicapped seating is not being followed and members are not being able to access them. There is a plan in effect at the Middle School to contact the school if you need a roped off section for the auditorium. It
was discussed that it would be more efficient to have a permanent section available in case a person in need of a wheel chair was to come to an event. No such plan is in effect at the High School. It will be looked into.

Director's Report
Pam Potemri not present

Chair Report
None given.

Hearing for the Public
M. Beck brought a poster and pins for the national campaign, “Spread the word to end the word.” She explained the program. She is bringing it to the High School. Members signed the poster.

Meeting Adjourned: T. Pimer made a motion to adjourn. D. Infant seconded. Motion passed.
