

Take-Home Reading Log

Student: _____ Week of: _____

Your child's home assignment in reading each evening is to read for a minimum of 20 minutes. The book selection is up to your child. They may even choose a newspaper or magazine. To increase the instructional value of this assignment I would like for the parent or another responsible adult to listen to the child RETELL the events or facts read. Also, ask questions to better judge if the student is understanding what they are reading. Please indicate the child's level of success with the retell and level of understanding.
