# Westerly Public Schools Finance Department 

To: $\quad$ School Committee Members<br>Dr. Mark Garceau, Superintendent<br>From: Cindy Kirchhoff, Deputy Finance Director<br>Date: 12/5/19<br>Re: November 2019 Financial Report

Attached is the November year-to-date budget report for Fiscal Year 2020. The purpose of this report is to provide a summary of the current financial status of the School as well as to project this status for year end.

The financial report includes variances from the budget.
Currently the significant projected variances are:

## Revenues:

Tuition from Other Districts is under budget by $\$ 28,455$. Currently only 3 students are enrolled at the high school from other districts.

Unrestricted Grant in Aid is under budget by $\$ 66,078$. The final state aid award was published after the budget was adopted.

## Expenditures:

Salaries and Other Compensation are under budget by $\$ 115,658$ (after a proposed transfer out of $\$ 228,993$ ) due to 3 vacant positions ( 2.5 fte) that will not be filled this year, substitute coverage for extended leaves, reduction in 1.20 fte at the high school from class reorganizations due to a retirement and course enrollments, and savings from estimated versus contractual wages.

Employee Benefits are under budget by $\$ 94,418$ (after a proposed transfer out of $\$ 109,400$ ) due to savings from health insurance high deductible plan changes and employee elections, including waiving coverage.

Purchased Services are under budget by $\$ 86,990$. This is based on current enrollment of students attending other districts for career and technical education and charter schools. There are 7 less students for career and technical and 5 less students at charter schools. Out of district tuitions for Special Education are anticipated to be $\$ 108,000$ over budget. These projections are subject to change based on student choice, state placements, and new students to the district.

The current projections result in a surplus of $\$ 202,533$. The projections include the prosed transfers submitted with the financial report. Projections are based on many variables and are therefore reevaluated on a monthly basis as actual revenues are earned and expenditures incurred.
