Re: September 30, 2022, Financial Report

Attached is the September year-to-date budget report for Fiscal Year 2023. The purpose of this report is to provide a summary of the current financial status of the school as well as to project this status for year end. The financial report includes variances from the budget.

The projected variances are:

## Revenues:

Miscellaneous Revenue is projected to be over budget by $\$ 4,200$ at this time due to the sale of retired devices.

## Expenditures:

Salaries and Other Compensation are projected to be under budget by $\$ 184,314$ due to leave of absences and as teaching positions are filled there is a savings due to budgeted steps versus actual. The projected surplus is offset by adding two building substitutes for the secondary schools for the remainder of the school year.

Employee Benefits are projected to be under budget by $\$ 24,319$ as these costs are related to compensation.

Purchased Services for CTE out of district tuitions are projected to be under budget by $\$ 118,386$. This projected variance was transferred to insurance for increased liability premiums resulting in a net projected surplus of \$0.

The current projections result in a surplus of $\$ 212,833$. Projections are based on many variables and are therefore reevaluated quarterly as actual revenues are earned, and expenditures incurred.
